Grandparents C.A.R.E. Support Network

More often than not, grandparents are the glue that helps hold JM families together during the worst of this disease. And since day one, they’ve had a prominent role in the organizing, fundraising, public relations and family support efforts of the Cure JM Foundation.

The Cure JM Grandparents C.A.R.E. Support Network is your chance to connect with other grandparents and join the fight to find a cure for JM. Because Cure JM Grandparents C.A.R.E. have a unique position in JM families. They’re a shoulder to cry on. A care provider. Often a source of financial support. And sometimes, it can be a bit overwhelming. When you join the Grandparents C.A.R.E. Support Network, you’re immediately connected to other people like you who can offer their experience, their advice, and their support.
